

■ NOX FIND BOT

Your Personal Telegram Movie Download Bot
Powered by Advanced Search Technology

NOX FIND is a powerful Telegram bot that lets users instantly search and download movies, web series, and OTT content — all within Telegram. With a token-based system, force-join channels, payment integration, and a full admin panel, it is a complete movie delivery solution.

USER FEATURES

■ Instant Movie Search	Search any movie by typing its name. Supports Bollywood, Hollywood, South, Korean, Anime, OTT content and more.
■ Quality Selection	Choose from multiple qualities — 480p, 720p, 1080p, 4K — with file size and language shown before downloading.
■ 7-Day Free Trial	New users get a 7-day free trial with unlimited downloads — no tokens needed to start.
■ Token Balance & History	Check token balance anytime. View last 10 downloads with movie name, quality and date.
■ Buy Tokens via UPI	Purchase token packs directly via UPI payment. Send screenshot for instant admin verification.
■ Redeem Codes	Use special promo codes to get free tokens instantly. Codes support expiry dates and usage limits.
■ Movie Request	If a movie is not found, request it with one tap. Admin gets notified immediately.
■ Auto File Delete	Files are automatically deleted after 10 minutes for security and storage optimization.
■ Force Join Channels	Users must join specified channels before using the bot — perfect for growing your audience.

ADMIN PANEL FEATURES

■ Movie Upload	Upload movies with title, quality, language and size. Auto-detects file from storage channel.
----------------	---

■■ Delete Movie	Delete any movie from the database instantly via admin panel.
■ All Movies List	View complete list of all uploaded movies alphabetically.
■ Top Movies	See most downloaded movies ranked by popularity.
■ Movie Requests	View all pending movie requests from users with requester info.
■ User Management	View all users, search by ID or username, see token balance and download history.
■ Add / Remove Tokens	Manually add or remove tokens from any user's account instantly.
■ Ban / Unban Users	Ban abusive users from using the bot. Unban anytime.
■ Give Trial	Extend free trial for any user by 7, 14 or 30 days.
■■ Redeem Code Manager	Create, list, activate/deactivate and delete promo codes with full control.
■ Broadcast Messages	Send announcements to all users, active users, or zero-token users.
■ Payment Approval	Review payment screenshots and approve or reject with one tap. User gets notified instantly.
■ Bot Statistics	Live stats — total users, active users, movies, today's downloads, pending payments.
