

NoxCare

Healthcare Management Application

Complete Feature Documentation • Version 3.0 • Flutter + Supabase

■ Platform	■ Database	■ User Types	■ Auth
Flutter (Web + Android)	Supabase PostgreSQL	Patient · Clinic · Admin	Phone Number

P

Patient Features

8 powerful features for patients

1

Patient Login

App open hote hi phone + naam se login. Data save — dobara login nahi.

2

Smart Search

Clinic naam ya specialization se real-time search karo.

3

City Filter

Apni city select karo — sirf us city ke approved clinics dikhein.

4

Clinic Ratings

Har clinic ki average star rating aur total reviews list mein dikhti hain.

5

Book Appointment

Name, phone, age, symptoms, doctor, date aur time select karo.

6

Repeat Booking

Pehli booking ki details auto-fill — time bachao har baar.

7

Track Status

My Appointments mein Pending / Confirmed / Completed status dekho.

8

Rate Clinic

Booking ke baad 1-5 stars + comment — reviews clinic pe dikhte hain.

Clinic / Hospital Features

Complete tools for healthcare providers

1

Registration

Naam, address, city, phone, timing, type, specializations aur doctors ke saath register karo.

2

Phone Login

Registered phone se instant login. Admin approval ke baad hi access milega.

3

Clinic Panel

Dashboard — info, doctors list, appointments sab ek jagah.

4

Manage Doctors

Doctor naam, specialization aur available timing add ya delete karo.

5

Profile Photo

Clinic ki photo upload karo — optional. Gallery se select, auto-compress.

6

Schedule Block

Date block karo with reason — patients ko blocked dates nahi dikhein.

7

Today Highlight

Aaj ke appointments clinic panel mein highlight hote hain.

8

Secure Logout

Logout karo — wapas patient view mein ao. Data safe rahega.

Admin Panel Features

Full control for NoxCare administrators

1

Dashboard Stats

6 cards: Total Clinics, Patients, Pending, Today, Monthly, Total Bookings.

2

Approve Clinics

Naye registration approve ya reject karo. Reject pe record delete.

3

Clinics List

Saare approved clinics — naam, city, address, phone. Kisi bhi waqt remove karo.

4

Forward Appts

Pending appointments ko 'Forward to Clinic' se clinic tak pohonchao.

5

Patients List

Registered patients — User 1, User 2... naam aur phone ke saath.

6

Recent Activity

Dashboard pe recent 5 appointments aur 5 patients seedha dikhte hain.

S

System Features

Built-in automation and smart systems

1

4 Languages

Hinglish, English, Hindi, Urdu. App open hote hi select karo — baad mein bhi badal sako.

2

Auto-Delete

Guzri hui appointments roz raat 12 baje automatically delete — Supabase cron job.

3

Supabase Cloud

PostgreSQL database — realtime, secure, 500MB free storage.

4

PWA Support

Website se seedha phone mein install karo — bina Play Store ke. Home screen icon.

5

Splash Check

App open hote hi login check — clinic ya patient — seedha sahi screen pe.

6

Photo Storage

Supabase Storage — clinic photos cloud mein safe, auto-compressed, public URL.

F
